Prepared by the Maryland Department of Planning, Projections and Data Center (January 2018)

Source: U.S. Bureau of Economic Analysis, Regional Data, Personal Income and Employment, State Annual: Table SA51, Disposable Personal Income, Population, Per Capita Disposable Personal Income

Note: Disposable Income refers to total personal income minus personal current taxes. Disposable per capita income is calculated as the disposable income of residents of a state by that state's population.

Values are adjusted to 2009 dollars using the Personal Consumer Expenditure (PCE) Chained Index (2009=100)

Rank is for the 50 states and the District of Columbia.
